VOL. LXXX—NO. 25. WILMINGTON TUESDAY, OCTOBER 30, 1906. WHOLE NUMBER 12115.

...ry of Congress

OUTLINES.

The number of known dead is 53 as the result of a horrible accident at Atlantic City on Sunday when a train of electric cars plunged off a bridge into the Thoroughfare, a stream which separates Atlantic City from the mainland; in many instances three or more members of families perished; many persons witnessed the horrible accident ——The Northampton and Hartford Railroad in Northeastern North Carolina is to be sold and plans are on foot to extend it——It is denied that Mrs. Mary Baker Eddy, head of the Christian Scientists, is critically ill but is in the best of health——At Rochester, N. Y., last night Charles E. Hughes, Republican nominee for Governor, scathingly spoke of William Randolph Hearst and his methods——The W. C. U. of the world in session at Hartford, Conn., yesterday declared for woman suffrage, denounced King Leopold, of Belgium for atrocities in the Congo, and demanded the expulsion of Mormon Senator Reed Smoot from the United States Senate——In his address at the University of Berlin, Prof. Burgess, first incumbent of the Theodore professorship of American History and Instruction, told the Germans that both the protective tariff and the Monroe doctrine are senseless and obsolete but the politicians do not seem to know it——It appears that the 300 Ute Indians passing through Wyoming have no hostile intentions but are leaving their reservation for the up-country to keep from starving—New York market: Money on call firm, 3 1-2 to 4 1-2 per cent., ruling rate 4 1-4, closing bid 3 1-2, offered at 4; spot cotton 25 points decline, closing quiet at 10.50; flour firm but quiet; wheat firm, No. 2, red, 81 1-2 elevator; corn firm, No. 2, 55 1-2 elevator; oats steady, mixed, 38; turpentine and rosin firm.

"What's in a name?" A Rev. Mr. Doolittle who died in New Jersey the other day had preached 6,399 sermons during his lifetime.

The mountain "deestrictse" have outstripped Charlotte in the increase of population, if we may judge from the size of the audiences that Republican papers say greet Congressman Blackburn everywhere he speaks.

The Republicans claim to be fighting the trusts. By their vote in the election next Tuesday the trusts will support the Republicans just to show that a fight between friends doesn't amount to much.

The Hon. Wm. J. Bryan, who was campaigning in Ohio last week made a straight shoot for Nebraska Saturday night and from to-day till November 5th will do some vigorous stumping in his own State.

In Pittsburg a city hall employe was promptly discharged for soliciting subscriptions for a church. He might have known that the Republican officials wouldn't stand for his doing an opposition business to the solicitors for political subscriptions.

Secretary Wilson reports that owing to timely rain the wheat crop of the United States will be 50,000,000 bushels more than it was last year. Secretary Shaw, on the contrary, insists that the wheat growers get their prosperity from Republican reign.

The wife of Seator J. R. Burton, of Kansas, now serving his time in jail, has given up her luxurious home in order to be near him, attend to his wants, and console him in the hour of his incarceration. Burton may have a cloud over his life, but he surely has a guardian angel riding triumphantly on the cloud.

Secretary Metcalf sent to San Francisco by President Roosevelt, to see that Japanese pupils shall attend the public schools, will run across a fair article of State rights. A State law prohibits the co-education of the races. California can tell Mr. Metcalf that the United States can admit the Japs into its own schools, but that, up to date, Congress hasn't passed any act for the Federal regulation of State schools.

The women suffragists in England are in a ferment because a bunch of them were "run in" for going into Parliament, jumping into chairs to harrangue the members, and chewing the rag over their demands. Those women got themselves in trouble by forgetting that they can't regulate parliament like they are affairs in their own homes.

THE FEDERAL COURT

Fall Term of Eastern District at Wilmington Will Convene This Morning

MANY VISITORS ARE HERE

Large Number of Officers, Attorneys, Witnesses, Jurors and Defendants Arrived Yesterday—Docket Quite Heavy With Many Cases.

The United States Circuit and District Courts for the Eastern District of North Carolina at Wilmington will convene this morning at 10 o'clock and continue in session until the business of the term is disposed of. No session was held yesterday owing to the failure of Judge Purnell to arrive until yesterday evening on the Coast Line train from the North. The first day of the term is always devoted to preliminary work anyway, therefore the business of the court will be in no wise delayed and it will get down to work at once this morning. A review of the docket has previously been given and all indications bear out the prediction that the present will be one of the most important terms in several years. Already there are a large number of officers, witnesses, attorneys, jurors and defendants in attendance.

Among the court officers present yesetrday were United States District Attorney Harry Skinner; Assistant District Attorney J. A. Giles; Clerk S. P. Collier; Deputy Clerk Jas. K. Collier and United States Deputy Marshal C. O. Knox. Judge Purnell, United States Marshal Claudius Dockery and his office assistants, Messrs. P. A. Mitchell and R. W. Ward, arrived last evening from Raleigh. There are also a number of United States Commissioners and deputy marshals in attendance upon the court.

According to the rule cases from Columbus and Cumberland will be taken up after organization to-day; cases from Robeson on Wednesday; Brunswick, Sampson, Pender and Bladen on Thursday; Richmond, New Hanover and Scotland on Friday and Duplin on Saturday. It is barely possible that the District Court matters may extend over until the coming week. The jurors summoned from the district, nearly all of whom are present are as follows:

Bladen County—Martin Smith, Martin Chasten, C. W. King, I. F. Hilburn.

Brunswick—Hanson K. Ruark, I. Danvis Harrelson, Burgwin Sellers, Benjamin K. Gore.

Columbus—John Rouse, W. L. Dorsette, S. C. Sales, E. R. Bailey.

Cumberland—H. C. Farrell, H. E. Dupree, G. J. Chason, John D. Calais.

Duplin—T. H. Carmine, George L. Bowen, B. F. Pearsall, E. B. Sutton.

New Hanover—M. W. Divine, Lewis M. Bunting, John S. Armstrong, C. W. Worth, L. D. Kennedy, Chas. C. Chadbourn, Samuel Seigler, Giles W. Westbrook.

Pender—E. McCharles, T. E. Hayes, Isaac Shepard, Isaiah Carroll, R. L. Player.

Richmond—J. A. Williams, Henry Covington, J. G. Terry, J. T. Hawkins, Tom Whitlock.

Robeson—E. L. McCormac, A. M. Watson, John Arnett, Lawrence McCallum.

Sampson—J. T. Kennedy, T. J. Newsom, J. A. Turlington, James Britt.

Scotland—Alexander Rusell, N. Hammond, E. J. Hester, W. W. Bullard.

Mr. Hankinson Resigned.

Mr. Robert M. Hankinson, for several months past chief clerk at The Orton, has resigned that position and will leave Saturday for Savannah where he will have a similar position with The DeSoto, of that city. Mr. Hankinson has made many friends in Wilmington during his stay in the city and they all regret his departure. His successor has not yet been named by Mr. Hinton, the proprietor and manager.

NEW ADVERTISEMENTS.

P. Q. Moore Bids Wanted.
Garra & Maloof—Oriental Bazaar.
A. B. Leach & Co.—Investments.

Lost—String of Gold Beads
For Sale—Mare, Bukky, Wagon.
Wanted—Clerk in Grocery and Bar.
P. Lennon—Lady Wanted to Teach.

MANY JOINED CHURCH

One Hundred and Five Accessions to First Baptist Membership—Dr. Hamilton, the Evangelist, Returns to Kentucky.

The Rev. Wm. Wistar Hamilton, D. D., after labroing most earnestly at the First Baptist church for the salvation of the lost, preached his closing sermon Sunday night to a congregation which taxed the capacity of the building. Chairs were placed in the four long aisles of the church but even then many persons could not be seated.

During the three weeks in which Dr. Hamilton preached daily, twice or three times, and on Sundays four times, there were 105 accessions to the church. Many others united with the several evangelical churches of the city. The number of backsliders who were placed upon their feet could be counted by the score and hundreds of homes were made happier for the evangelist's coming. The influence for good that has made its impress on the city cannot be measured.

Dr. Hamilton left the city early yesterday morning, going to Atlanta, headquarters of the Southern Baptist Home Mission Board, of which he is general evangelist. Thursday he will leave Atlanta for Henderson, Kentucky, to join the Rev. Mr. Wakefield, who began a meeting there Sunday.

Before preaching his sermon Sunday night the evangelist expressed his gratitude to the many who had assisted him in the meetings. He again thanked the business men who had made possible the great noon-day meeting last week. He also spoke appreciatively of the kindly and liberal assistance given by the newspapers.

Nightly meetings will be held at the church until and including Wednesday night. Dr. Hale, the pastor, will have charge. Last night he spoke to a large congregation on, "The Mission of a Church of Christ." Everyone is invited to these services. The hour is 7:30 o'clock.

NEW WILMINGTON ENTERPRISE.

Powell Brothers Company to Engage in Wholesale Groceries.

A certificate of incorporation for the Powell Brothers Company, of Wilmington, was received yesterday by the Clerk of the Superior Court from the Secretary of State. The company will engage in the wholesale grocery business at 104 North Water street. The incorporators are Messrs. Harold G. Powell, Benjamin O. Powell and David D. Barber. The capital stock of the enterprise is $25,000 authorized with $11,000 subscribed as follows: H. G. Powell, 50 shares; B. O. Powell, 50 shares, and D. D. Barber, 10 shares. All are enterprising young business men and Wilmington is glad to welcome them into its commercial ranks. They have an excellent location next to corner of Princess and Water streets and have every prospect of doing a healthy business from the start.

THE DECISION REVERSED.

Ruling as to Crews on Boats on Cape Fear River.

It is understood that a decision has just been received at the Custom House from the Department of Commerce and Labor reversing the decision of the local inspectors in the recent case of the steamer Lyon owners, who were charged with violation of the law in regard to operating the boat without a separate crew of licensed men for every twelve hours that the men are engaged. It is understood that on the inland transportation under certain conditions that two crews are not required. If the ruling is correctly interpreted, the decision will mean a large saving in the operation of all river boats and will mean quicker transportation from the fact that boats now carrying only one crew have been forced to tie up at night and run only during the day. At any rate the case against the Lyon was dismissed.

Speaking at Southport.

Hon. N. A. Sinclair, Democratic nominee for solicitor in the Seventh Judicial District, passed through the city yesterday on his way to Southport, where he spoke with the county candidates last night. Mr. Sinclair, with Hon. H. L. Godwin have been canvassing extensively in Bladen and Columbus counties and report matters in execellent shape. Mr. Godwin spoke yesterday at Marietta, N. C., and last night at Lumberton. Mr. Sinclair returns to Fayetteville to-day but will return for appointments at Shallotte and Lockwoodsfolly, in Brunswick county, after a speech or two in Robeson county.

Your health will be promoted by drinking Portner's Hofbrau. Call for it. 'Phone 99.

STREAK OF ILL LUCK

Coast Line Schedules Disarranged Sunday by Numerous Wrecks on this Division

WRECKING TRAIN DERAILED

Huge Derrick Turned Over Near Wilson—Wilmington Passenger Train Flew the Track Near Charleston in the Afternoon.

Had it been Friday and the thirteenth day of the month the Atlantic Coast Line could not have been "up against it" worse than it was on Sunday. A succession of small wrecks almost tied up every train reaching the city on that date. Fortunately, however, there was no loss of life or serious injury sustained by anyone, but the inconvenience to passengers and patrons of the mail and express service served by that system was abominable.

The trouble started with a small wreck near Wilson, which blocked the road to traffic Sunday morning. The new and powerful steam derrick recently purchased by the system and stationed at South Rocky Mount, was dispatched to the scene to clear the line and that was wrecked at Elm City. The tender and five cars of the train were derailed. C. W. Boone, a white fireman, and Luke Herring, colored, a flagman, were slightly hurt. They were given medical attention and sent to their homes. The train from the North due to arrive at Wilmington at 6 o'clock Sunday evening did not reach the city until about 3 o'clock yesterday in consequence of the trouble. Still another wreck reported to have occurred at Contentnae, in the same vicinity, yesterday morning, is reported to have been the cause of a delay of the train from the North yesterday morning. It was due at 10:10 A. M., but did not reach the city until yesterday afternoon a little after 1 o'clock. Although the line is double-tracked in the vicinity, the wreck was so complete as to block the entire line. The big derrick weighs 75 tons and righting it was no easy task.

To add further to the chapter of accidents, Train No. 50 bound from Charleston to Wilmington, was wrecked Sunday afternoon soon after leaving Charleston and about a mile this side of the station. The tender, mail and baggage coaches were derailed and it seems a miracle that some one one was not seriously hurt. Engineer Stubbs was slightly injured, but all the others escaped with a bad shaking-up. The enginman had a few slight bruises. The derailment occurred at the frog of a swith just this side of Vardell's creek and passengers who examined the device said that it appeared as if a rail brace had been placed in the frog by some one with design. The trucks of the tender also seemed to have given away in some manner. Conductor W. L. Jones was in charge of the train and did what he could for the badly frightened passengers, sending them back in the coaches which were not derailed. As soon as Engineer Stubbs saw what had happened, he applied the emergency brakes and jumped. The engine, it is said, continued to run for some distance and came to stop on a small trestle a short way ahead. The coach left the rail completely and fell over on the west side of the track. The tender was wrecked almost totally and the track was torn up for some distance, necessitating the building of a track around the debris in order to open the line to traffic as soon as possible. Division Superintendent G. D. Pugh took personal charge of the wrecking apparatus and had the tracks open to traffic as soon as possible, the Coast Line trains using the Southern tracks in the meantime. Detectives are at work to ascertain as to placing of the rail brace inside the frog. The train was due here Sunday midnight, but did not reach the city until yesterday morning after daybreak.

Train Split a Switch.

The Hamlet bound train on the Seaboard Air Line split a switch at Laurinburg Saturday afternoon, derailing the locomotive. As the result of the accident the train due in Wilmington Saturday midnight, did not reach the city until nearly 7 o'clock Sunday morning. No one was hurt in the accident.

Wanted, A Name.

To the person suggesting the most suitable name for our new business of automobiles and supplies, we will award a cash prize of $2.50 in gold. Address Box 44 city.

NOBLE & MONTGOMERY.

MURDEROUS ATTACK

Young Colored Man Severely Beaten at Champion Compress by Two Others Who Were Arrested and Committed Without Bail.

Charles and Joe Murphy, young colored men employed at the Champion Compress, were jailed by Justice Bornemann yesterday without the privilege of bail pending the result of injuries they are charged with having inflicted upon Ellis Benjamin, also colored, at the compress yesterday morning about 11 o'clock. The Murphys were arrested by Constable Savage and Special Deputy Tom Croom as they were washing up at their home, Church between Sixth and Seventh streets, preparatory to leaving the city.

The fight occurred on the river side of the compress and is said to have started in a dispute over some money lost in a crap game. The Murphys are charged with beating Benjamin about the body and on the head with a bar of iron, the worst blow being one in the face which smashed Benjamin's nose. He is also bruised and broken about the body and was reported from the hospital yesterday afternoon as being paralyzed on one side. It was upon that report that the negroes were committed without bail. It was stated last night from the hospital, however, that there had been no serious turn in the negro's condition and that in all probability he will recover.

The fight was reported to Justice Bornemann by William Howe, the well known colored stevedore, and Constable Savage and Officer Croom drove hurriedly to the compress. They found the large number of colored stevedores there much excited over the occurrence and it is said that if the Murphys had been caught by them, it would have been a case of summary punishment. Finding the assailants of Benjamin missing, the officers hurried to their home and surprised them while they were evidently making haste to depart. The arrest was within 45 minutes after the assault had been committed. The Murphys will be tried as soon as their victim is able to leave the hospital.

"THE ONE WOMAN" COMPANY.

Much Interest in Engagement Here Saturday Matinee and Night.

One of the most important theatrical events of the season will transpire Saturday at the Academy when Tom Dixon's "The One Woman" will hold the boards at matinee and night—important, because the play is the latest work of the author of "The Clansman" and because it deals in powerful manner with Socialism. The play has created a furore and the Raleigh News and Observer yesterday devoted over a column criticism to the piece. The papers of Asheville, Durham and Charlotte have praised the play and have whetted up the local appetite for the performance here.

The prices for the matinee will run to $1, while at night the scale will be up to $1.50. Seats for both performances will be on sale Friday morning and the usual limit of six tickets at a time to any one person will be observed, as will also the restriction that reserved seat tickets will not be sold to colored people.

Mr. Duffy Unable to Appear.

Solicitor Rodolph Duffy, being confined to his home by illness, has secured William J. Bellamy, Esq., to appear for him in the Federal Court in the case of the revenue officer from Sampson county charged with the killing of an alleged blockader in that section. Mr. Duffy appeared as Solicitor of the State Court, which is behind the prosecution. As Mr. Bellamy is not at all acquainted with the case, he will probably do no more than ask for a continuance of the action.

Will Wed This Evening.

A marriage of much interest to a large number of friends will be that of Miss Mildred Davis and Mr. Robert Bradford Adams, of the officers' staff of the United States Revenue Cutter Seminole, in St. John's Episcopal church this evening. The bridal party were very elegantly entertained last evening aboard the U. S. S. Seminole by Mrs. J. H. Quinan and a dance will be given in their honor in the Masonic Temple ball room tonight by L'Arioso Club.

The Police Court Yesterday.

The Police Court yesterday was rather slim for Monday morning. Grace McNeill and Amanda Johnson, charged with vagrancy, were discharged, but the Johnson woman, charged with being drunk and disorderly, was fined $5 and costs. Thos. Little, colored, charged with an assault with a deadly weapon, was bound over to the higher court under bond of $50. The other cases consisted of one or two drunks, hardly worth mentioning.

CAMPAIGN AFFAIRS

Conference of Executivi Commeittee Nominees and Other Leoding Democrats

NO SPEECH LAST NIGHT

Hon. H. L. Cook on Belated A. & Y. Train, Could Not Reach Here in Time—Mr. Godwin To-morrow Night—Other Appointments.

For the purpose of informally advising with regard to the approaching campaign, an important conference of the Democratic Executive Committee and a number of leading Democrats, including several of the nominees of the party, was held yesterday afternoon at 3 o'clock at the Court House. It is the purpose of Chairman Bellamy and the committee to get out a full Democratic vote in the election of Tuesday week and it was mainly for this purpose that several matters of party information was gone over together and a plan of action adopted that is expected to prove quite effective.

Ways and means was an important part of the proceedings and a Finance Committee was named to have in charge the matter of popular contributions for support of the movement. Several members of the retiring executive committee were present and expressed a willingness that the balance on hand from the primary be turned over to the new Executive Committee for general campaign purposes. A large majority of the nominees who contributed to the fund for the primary signified a similar willingness and it is expected that the money will be turned over at once.

News from the district is that all the counties are putting forth an effort to pile up majorities in order that their convention representation may be enlarged and the New Hanover Committee is determined that this county shall not be left in the rear in the contest. Her influence and her strength largely depends upon the vote of the people in the general elections and this year it is the special desire of the Democrats to make as good a showing as possible.

Because of the lateness of the arrival o'clock last night, Hon. H. L. Cook found it impossible to speak to the voters of the county in the Court House as he had expected. Before the hour for the speaking, it became noised about the streets that the train bringing the speaker was about two hours late and fortunately but few were inconvenienced by going to the Court House for the address. Mr. Cook regretted the disappointment quite as much as the New Hanover Democrats did themselves.

Hon. H. L. Godwin was seen at Lumberton yesterday where he spoke last night. He is in the thickest of the fight in the district and says that he will be here to-morrow night and hopes to have a large audience. He will bring news from all the upper counties that will be gratifying and with his able discussion of State and National issues he will be heard with a great deal of interest.

County Chairman William J. Bellamy yesterday received word that Solicitor Duffy was quite sick at his home at Catherine Lake, Onslow county, and would probably not be able to come to New Hanover for the series of open air rallies that it is proposed to have in the several wards of the city on Friday night. Mr. Duffy sent word, however, that he would come, if possible, and it is still hoped that he will be able to get here. Mr. Godwin has promised his attendance and there will be other local and visiting speakers.

They Are Georgia "Goobers."

Mr. R. L. Player, of Burgaw, who arrived yesterday to attend the Federal Court, brought with him a sample of some extraordinary peanuts grown at his place in Pender county. The hull contains in some instances four and five nuts, whereas the ordinary pea scarcely ever has more than two. They are of a bright, rich color and seem much superior in quality and yield to the North Carolina product. Mr. Player secured the seed from Georgia and used them only experimentally this year.

Another Steamer Arrives

The British steamer Valetta, 1,937 tons, Capt. Jones, arrived yesterday for cargo of cotton from Messrs. Alexander Sprunt & Son. She was docked at the Champion Compress by Capt. J. H. Williams, of the steamer Navassa, serving in place of the Marion.

A colored boy about 15 years old may obtain employment by making immediate application at the Star office. oct 30-3t.

The Morning Star.

Founded In 1867.

WILLIAM H. BERNARD,
Owner and Editor.

WILMINGTON. N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

Tuesday Morning Oct. 30.

DEMOCRATIC TICKET.

For Representative in Congress—Sixth District: Hannibal L. Godwin, of Harnett.

For Corporation Commissioner: Franklin McNeill, of Wake.

For Judge Superior Court—Fifth District: Oliver H. Allen, of Lenoir.

For Solicitor Fifth District: Rodolph Duffy, of Onslow.

For State Senate—Eleventh District: George H. Bellamy, of Brunswick.

For Representative—George L. Morton.

For Sheriff—S. Percy Cowan.

For Clerk of the Superior Court—John D. Taylor.

For Register of Deeds—John Haar.

For Treasurer—Hector McL. Green.

For Coroner—C. D. Bell.

For County Commissioners—Duncan McEachern, William F. Robertson, H. L. Vollers, W. F. Alexander and Morrison W. Divine.

For Constable of Wilmington Township—W. B. Savage.

IS PROTeCTION LOSING ITS FRIENDS?

The Savannah News makes some telling hits in the following:

The friends of Congressman Dalzell are alarmed at the prospect of his defeat. He is a candidate for re-election and it is stated in Pittsburg dispatches that the protected corporations in the district and the Pennsylvania Railroad have raised $350,000 to assist him in his contest. He represents the Thirtieth district of Pennsylvania in which are situated the great steel trust and many factories and coal mines. There are 25,000 workers in protected industries and 5,000 miners in the district. Mr. Dalzell is a staunch defender of the present tariff. He is an extreme protectionist. Why is it then that there is danger of his defeat?

"He is an able man and holds an influential position in Congress. There isn't a man in that body that wields greater influence outside of the Speaker. Can it be posible that the toilers in the mills and the mines come to the conclusion that the protective tariff is for the benefit of the mill and mine owners rather than for them? If that is not a fair conclusion from the present political condition of the district what explanation is there of the danger of defat which threatens Mr. Dalzell.

"For years and years the toilers in the factories and mines have been told that the protective system was for their benefit. They have been led to vote the Republican ticket by the statement that if the tariff were reduced a reduction in their wages would follow. And they have believed the statement and voted that ticket. Have they come to the conclusion that they were mistaken—that they have been misled? If not, why are they against Mr. Dalzell? They cannot hope to get an abler defender of the protective system.

"The steel mill and mine owners are putting forth all their strength in support of Mr. Dalzell. They know his worth to them. They are spending money freely and they are trying to influence their workmen to support him. Why is it their workmen don't follow their lead as they once did? Perhaps those workmen value some things more than the protective tariff.

"Mr. Dalzell's opponent sympathized with them at the time of the last strike in the steel trust and Mr. Dalzell, it is safe to say didn't. He sympathized with the trust if he had sympathy either way. And the toilers in the mills and mines put sympathy above tariff protection. That being the case can the industries in future insist upon the maintenance of the protective system for the benefit of wage earners?",

You can't fool them all the time. The Republican party always tells the working man that protection is for his benefit, but he is learning that if hegets any it comes second handed. The mine owner and manufacturer gets it first and distributes among employes whatever proportion they don't want for themselves. In numerous cases the miners remember that they have had to go on a strike for their share.

Dalzell was formerly in Congress as a Democrat but flew the track and joined the Republican party in 1896, on the money question. He has since represented the same district as a Republican and is one of the Herods for stand-pattery. It wil be seen. who his supporters are. They know that the Republican party stands for them.

PROF. HUME AN EDITOR.

From the editorial columns of the Norfolk Landmark of Sunday we take the following:

"Professor Harold H. Hume, one of the leading horticulturists in America, has accepted the position of editor of the American Fruit and Nut Journal, published in Petersburg, Va., by a company headed by Mr. William N. Roper, long the correspondent of The Landmark in that city. The success and progress of the Journal in the few years since it was founded have been remarkable—and fully deserved.

Mr. Hume was formerly connected with the North Carolina Agricultural Department and as a specialist made a reputation that spread beyond the borders of our State. He is a young man of splendid ability and fine attainments and is a son of Dr. Hume of the State University. The American Fruit and Nut Journal is fortunate in securing the services of an editor so eminently fitted for the work. The Journal is devoted to the interests indicated by its name and makes a specialty of peanuts and fruit culture.

THE ATLANTIC MONTHLY.

The Atlantic Monthly for November is one of unusual interest. Its distinctive literary tone is refreshing and the number is valuable for its miscellaneous and current discussions. Among some of the articles are "The Fifty-Ninth Congress," "The Ideal Lawyer," "Foreign Privileges in China," "A Socialist Programme," "The Year in Germany," "The Scientific Historian and Our Colonial Period," etc. Besides that delectable lot of reading the magazine contains numerous stories and poems, and miscellaneous matter that makes it so universally entertaining. Single copies sell at 35 cents and the annual subscription price is $4. Address Houghton, Mifflin & Co., 4 Park street, Boston.

CURRENT COMMENT.

—Outside of Hughes and Hearst and Blackburn and Hackett there doesn't seem to be much going on in the political world.—Greensboro 'Tar Heel" (Rep.)

—A New York woman's unique plan for reducing household expenses has been stopped by the courts. She had acquired four husbands, with whom she made weekly alternations. By that mutual plan rents and grocery bills were cut down. But the authorities said the scheme wasn't good.—Savannah News.

—A few more years and our ears will no longer be charmed by the sweet tones of the tenor and the soprano. The present fashion of violent sport is having a most disastrous effect on the singing powers of the lungs and it is probable that our descendants will never be able to enjoy the operas of Verdi or Rossini owing to the dearth of singers.—La Republique Francaise.

—The New York Times is not a yellow paper. It prints a story from Pittsburg that Congressman Dalzell's district is so likely to be carried by his Democratic opponent that the Steel Trust, the Pennsylvania Railroad, and the Westinghouse Company have placed $350,000 in campaign funds at the disposal of Dalzell's managers. There is evidence that the Republican party knew what it was doing when it ignored the bill before Congress to prohibit the use of money in national politics by corporations.—Norfolk Landmark.

If it shall be found on the morning after the election in New York that Mr. Hearst has been defeated by a large majority that result will be due, to a considerable extent, to the vote of the Hebrews. They will cast more than 100,000 votes in New York and the present prospect is that these votes will be given to Mr. Hughes. The announcement that Mr. Oscar S. Straus is to become the Secretary of Commerce and Labor in Mr. Roosevelt's cabinet is made at this time with the object of bringing about that result, and it will undoubtedly have an important influence upon the election.—Hartford (Conn. Times.

—The death of Mrs. Davis, the widow of the President of the Confederacy, has cast a gloom over the Southland and the North joins in sympathy. Her husband was one of the most conspicuous men on the political stage during the Civil War and his widow has borne herself so graciously that she has not only grown in the affections of those who followed the fortunes of her husband, but in the esteem of those who opposed his views on the subjects of slavery and secession. In war woman has to endure more sacrifices than man and she has no stirring music to inspire her while she in her loneliness guards the home. The death of Mrs. Davis recalls the sad days of 1861-65. How fortunate that she has lived to see the passions of war subside and to know by personal experience that the once estranged sections are now reunited by bonds of love each year strengthened.—Bryan's Commoner.

—It seems that there is to be a tricolor line in American politics—white, black and yellow.—Savannah News.

—Some good Southern Democrats have been appointed to Federal judgeships but a small page would hold their names. But for high and responsible positions outside the country the Republican Presidents have gone on the idea that the United States lies entirely North of Mason and Dixon's line. The plain truth is that Grover Cleveland was the only President since the war to recognize the South as a competent part of the Union and he, like old Zechariah, might say, I was wounded in the house of my friends," or of those who should have been his best friends.—Montgomery Advertiser.

TWINKLINGS.

She—I think that when a man marries he should give up his club.

He—Gracious! Why that's just the time he needs it.—Modern Society.

She—Would you like to have me sing "For All Eternity" for you."

He—(siezing the opportunity, also her hand)—Indeed—indeed I would."—Boston Transcript.

"Is there any room in politics for the young man?" we asked.

"To be sure there is," said Senator Graball, "if he is the kind of young man we are looking for. We'll make room for him."—The Commoner.

"What reckless spendthrifts the American millionaires are. Here's one that paid $40,000 for an oil painting

"That's nothing. I know one that paid $20,000 for the photograph of a chorus girl."

"You don't say so."

"Yes, shewas sitting on his lap when it was taken."—Cleveland Press.

"Is that all the work you can do in a day?" asked the discontented employer.

"Well, suh," answered Mr. Erastus Pinkley. "I 'spose I could do mo', but I nevah was much of a han' foh showin' off.—Washington Star.

Fitz—"I say, are all your beaters out of the wood?"

Keeper—Yes, sir."

Fitz—Are you sure."

Keeper—"Yes, sir."

Fitz—Have you counted them?"

Keeper—No, sir, but I know they're all right."

Fitz—Then I've shot a roe deer!"—Punch.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDING'S PHARMACY. Special Agent

Whenever you have any sympathy to bestow, direct it towards the young woman who never used Hollister's Rocky Mountain Tea or Tablets. 35 cents.—J. H. Bunting Drug Company.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood, and cures Malaria, Billousness and Weaknesses. Wonderful Nerve Tonic. Price 50c. Guaranteed by all druggists.

An Intelligent Boatman

[Original.]

Miss Lila Ives, needing rest and country air, went to a lake in the mountains for the summer season. She took with her some books and a tonic that the doctor had given her, and the morning after her arrival, with a book under her arm, went to the landing to hire a launch. A boatman agreed to take her round the lake, and, seating herself in a wicker chair, the boatman went forward, took the helm and started the motor. Miss Ives sat with her book in her lap looking at the scenery. Presently she remembered that she had her tonic in her pocket. Raising the bottle, she read the printing on the label. It seemed to puzzle her. Presently she said to the boatman:

"Did you ever go to school?"

"Oh, yes."

"Study Latin?"

"Some."

"I'm puzzled at the meaning of a word. Perhaps you can help me. Not that it needs much knowledge, only what a schoolboy should know."

"What's the word?"

"Ferrated."

"It means ironed."

"Ironed? Like clothes from the wash?"

"No. Iron in it."

"Oh! Now I understand. Thanks."

Miss Ives relapsed into silence. Presently she asked:

"Did you study any Greek at your school?"

"Some of us did."

"If you could go on in its study so as to read the Greek poets you would find them very rich, so I'm told."

"I don't need to read them in the original, since our modern poets have been drawing on them for centuries."

Miss Ives was astonished. What did this common fellow know about poetry? Yet Burns was a plowman, and he wrote beautiful poetry. Perhaps this man was one of that kind.

"Do you write poetry?" she asked.

"Oh, dear, no! That's not in my line. But I read it."

"What do you mean by your line? What is your line?"

"Running this launch just now."

"Do you always run it?"

"Not in winter. I'd have to turn it into an ice boat if I did."

There was more silence, during which the boatman curved his craft around the end of the lake and started back. Miss Ives had grown a trifle afraid of him. She couldn't make him out.

"I suppose," she asked haltingly—"I suppose you have a favorite poet, haven't you?"

"No; I don't know that I have."

"Longfellow is mine."

"He had a way of taking other people's productions and infusing into them a certain sweetness that was all his own."

Miss Ives was as much startled as if an owl had given a criticism on the book of Job. For the rest of the trip she shut herself up like a steel trap. When she reached the landing the boatman stepped on to the boards and held the launch's nose while Miss Ives also made her exit. She went up to him and handed him half a dollar, feeling very much as if she were offering a tip to a gentleman. He took it, put it in his pocket and tied his boat, while she walked demurely to her hotel.

Miss Ives the next morning was suddenly called back home and did not get out of the city again during the summer. Her curiosity had been excited, and she resolved to go again the next season to the lake in order to solve the riddle of the boatman. When July came she did so and the morning after her arrival went down to the landing to hire the launch. The launch was there, but in the hands of another man.

"What has become of the man who ran this launch last year?" she asked.

"I bought the boat of him; hope I'll do as well as he did. He paid for it in July and made $500 in August."

"Why doesn't he run it this year?"

"Oh, he's a grad."

"A what?"

"The corporation is to send him abroad to study to be 'prof.' of the romances."

"'Prof.' of the romances! What do you mean by that?"

"Professor of the romance languages."

Miss Ives caught her breath.

"Has he gone yet?"

"No; he doesn't go till fall. He'll be here presently to give me a little coaching on this motor. There he is now."

A respectable looking young man in a blue serge suit came sauntering down to the dock. Miss Ives envied a frog she saw plunge into the lake and disappear. The boatman of last year recognized her. There was an amused expression on his face. Miss Ives was badly rattled.

"I've been thinking of you ever since last summer," she said, then paused and blushed. "I mean that I've been wondering how a boatman could criticise great poets."

"He can't; he only thinks he can. Nobody can do that. Large masses of readers are the only critics."

"Why didn't you tell me?"

"What—that I was what the countrymen about here call 'one o' them student chaps that scratches for knowledge in winter and money in summer?"

Miss Ives' unintentional admission that she had been thinking of him for a year started what in youth needs but little impulse. When the professor of the romance languages returned to take his chair at the university he also took upon himself vows which can only be broken in those states having easy divorce laws. SPIRITS TURPENTINE

—Charlotte, Observer, October 29—: Including the five members received yesterday, there have been sixty added to the membership of the First Baptist church during the past quarter.

—At Raleigh Sunday afternoon at a massmeeting in the Y. M. C. A. rooms, a movement was started to build an elegant Y. M. C. A. building. A committee was appointed to solicit subscriptions.

—Fayetteville, special, Oct, 28: This afternoon a colored woman, cook in the family of Mr. Moore on Maiden Lane, caught her clothing afire from the stove, all her garments even being burned off, and her body receiving terrible, probably fatal, injuries.

—Raleigh, special, Oct. 28: The inquest over the body of the white hobo shot and killed by Detective Bivins began to-day. Nothing was found regarding his identity. The wound in his leg which caused death was made from the front. Bivins is yet in jail. An autopsy on the hobo's body will be made to-morrow. Bivins say hrdlucaa of his attorney, has nothing to say. There are several witnesses. Those for Bivins say the hobo was attacking him with a knife. Those on the other side say the hobo was running when shot. A great many people saw the body. Two declared they had seen the man before, but knew nothing of him. His hat has a Norfolk label.

Charlotte Special,—Oct. 27—Prof. J. G. Baird, who for many years conducted a private school for boys in this city, was fined $5 in the recorder's office this morning for disturbing the school conducted by Prof. Glasgow, several days ago. At the trial Glasgow alleged that Prof. Baird entered the school and assuming authorative attitude, proceeded to address the school in regard to an utterance of Glasgow about Baird's little son, who wasa student in the school. The trial was very sensational and the court room was packed. The only evidence offered was that of Glasgow. Under the State law the court found Prof. Baird guilty.

—L. M. Blalock was arrested and commited to jail at Winston-Salem on Friday night on the charge of taking $250 from T. W. Mechum of Davie county. This morning Blalock confesed to the officer that he got the money, stating that the most of it was hidden near the public road in Walkertown. Jailer Hanner accompanied Blalock to that place Saturday morning but the money was not found. There is evidence that Blalock and Mechum were drinking when in Walkertown and Mechum alleges that he was asleep in his wagon when Blalock took the $250 out of his pocket. When arrested the latter had about $45. Blalock was given a hearing before a magistrate and bound over to the Superior Court.

—Lenior special, Oct. 28—A son of Rev. John Nelson of Patterson disappeared about three weeks ago and has not ben heard from since. The young man lost, Lawrence Nelson, was last seen in town. He worked in the veneer plant and said one day he was sick and quit work, and has not been seen since that day. His father didn't know anything about it for more than a week. The people where he boarded thought he had gone home, which is seven miles and which he often did. Since his father reported that he had not been home and inquiry among relatives without any success as to his whereabouts, there have been parties searching, but having waited so long before search was begun, nothing can be heard that will in any way give a clue to work upon.

—Fayetteville speciaal, Oct. 28: A. L. McCaskill, Fayetteville's postmaster, and a Federal officeholder, issues a hand bill with thehead, "McCaskill," advertising appointments in Cumberland county to speak in behalf of the county Republican ticket and offering to divide time with Democrats. This is not signed by the chairman of the party's executive committee, as it the rule in every canvass, but is, in effect, a bold avowal that the conduct of the party is in his hands. In the Republican nominating convention, McCaskill proposed all the nominations except two, and so domniated the meeting that a leader of his own party. Musselwhite, of Hope Mills, arose and appealed to Cumberland Republicans not to have their whole convention nominees and platform run by a Federal office holder. Here is a civil service object lesson.

—Fayettesville, Special, October 27—Mr. Schulken, Republican nominee for Congress, met his appointment here today at 12 o'clock in the court room. At 12 o'clock he arose, counting the persons in the room and himself, and stating that there was just 20, including the speaker of these three being Democrats, and that he would not attempt to make a speech but would merely announce himself. In the meantime four more persons came in and Mr. Schulken did make a short talk as follows: That many Democrats in North Carolina and other Southern States were opposed to any change in the national administration which might lessen the present prosperity of all classes and a return to Clevelandism. He said that the people of this Congresional district who are vitally interested in their comercial development and especially in the upper Cape Fear navigation would do better to send to Congress a Republican who would be in accord with the dominant party and could exert some influence.

—Sanford, special, Oct. 27—This morning about 2 o'clock the electric light plant was totally destroyed by fire. The paint was in operation until 12 o'clock when it was shut down. The fire was started by shaving in the boiler room catching fire. The plant is owned by Mr. H. I. Thompson, who recently moved to Florida, and his son, Mr. W. H. Thompson, had charge of the plant. A young man named Riddle was sleeping there, he being employed by the company. He was awakened by the noise of the fire and gave the alarm, but before asistance could be had the fire was beyond control. The burning of the plant not only affects this place, but also Jonesboro, two miles away. There was no insurance on the plant, the policy having elapsed about a month ago. Mr. Thompson stated this morning that the plant would be rebuilt at once, or other arrangements made The loss is estimated at about $7,000. This morning about 10:30 Quinn Womick and General Banks, two negroes were at the plant looking at the ruins, when the brick wall between the engine and boiler room fell on them, bruising them badly.

—Norfolk, special, Oct. 27—Asphyxiated by illuminating gas, Leon N. Whidbee, aged 17, and Edward Jordan, aged 20, years, both from fine North Carolina families, were found dead in the same bed in a second story room at the boarding house of Mrs. W. S. Ayers, No. 108, Charlotte street, this morning. Both windows of the room had been closed and the gas jet unlighted, was turned on full force. Some at first suspected suicide, but this was exploded to the mind of the coroner's jury at least, which after investigating returned a verdict of accidental asphyxiation. It was a pitiful sight indeed that greeted those who came to the bedside of the victims. Both were lying in natural positions as they had dropped off to sleep. Except that it was known the young men were dead there was nothing to indicate but that they were still peacefully sleping. Both Whidbee and Jordan were from Sunbury, N. C., to which place their bodies were forwarded tonight for a possible double funeral tomorrow. Whidbee had only been in Norflok a few weeks and was employed as a grocery shipping clerk. Jordan was in the life insurance business here.

—Lumberton, Special Oct. 27—The Observer's correspondent today learned the particulars of an ugly and serious cuting affray that took place near Barnesville, this county, a few days ago. According to my informant, two Sealey brothers, Allen, aged 65 and Dock aged about 60, are near neighbors. They are very good citizens when they are sober. They had ben drinking for some days. Tuesday morning about 4 o'clock Dock Sealey went over to Allen Sealey's home and asked Allen, who was in bed at the time, for a drink of liquor. He was given the liquor and a few minutes later he decided without provacation to cut Allen to pieces with a knife. A woman by the name of Britt, who lived there, tried to prevent the cutting and was herself badly cut about the arm. Dock cut 15 gashes in Allen two of them piercing the lungs. Dr. McPhaul of Ashpole was called and took 50 odd stitches to sew up Allen's wounds. Allen, we understand, does does not bear any ill-feeling toward Dock for what he has done, but attributes the trouble to the fact that he was crazed from drink. Since sobering up Dock expresses regret that the trouble occucred. There was nothing to bring on the trouble between the two brothers. Allen seems to be getting along very well so far.

—Norfolk Virginian-Pilot, Oct. 27: While B. F. Hobgood, the city salesman of the Smith Premier Typewriter Company, is languishing in the city jail awaiting trial on an embezzlement charge preferred againnst him by the typewriter company, his wife is at her former home in Durham, N. C., and declines to say whether she wil come back to Norfolk at all. Mrs. Hobgood left her home in Brambleton for Durham yesterday morning, carrying her two-year-old child with her. She saw her husband shortly before he was arrested Thursday afternoon, but did not see him afterward. She had just returned from a visit to her relatives in Durham Thursday morning when she learned her husband was in trouble and likely to be arrested at any time. Before her marriage Mrs. Hobgood was a Miss Mattie Burgess of Durham. She is said to be quite wealthy in her own name. Most of her property, however, is said to be "tied up" in Durham realestate. She was communicated with over the long distance telephone last night. She declined to say when she would come back here. Asked whether she would come back at all, she replied: "I may come back some day."

To get the best beer, you should call for Portner's Hofbrau. 'Phone 98.

Never in the history of Wilmington has any Furniture Establishment even approached the Quality, Quantity and Great Variety of our Present Stock.

Quality Our Motto.

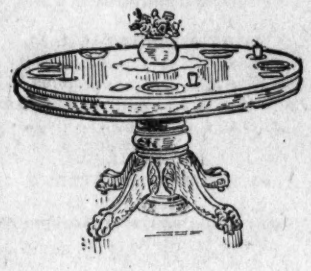
While we make low prices one of the strong features of our business, we really rely on quality as our guiding Star.

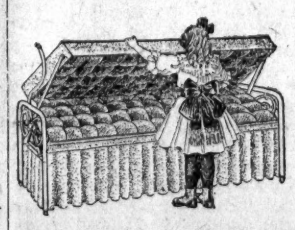
We Buy From Headquarters.

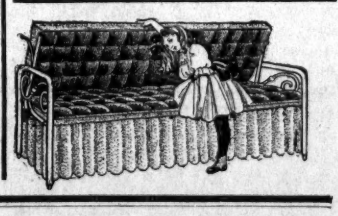
Our buyer attended both the New York and Chicago Furniture Expositions this Fall, where he saw the very cream of American Manufactures, and had the the pick of all the very newest and up to date things in the Furniture line.

Look Through Our Three Floors

A look through our Stock will convince you at a glance, that we really carry a stock the equal in quantity and quality of any of the exclusive Furniture Stores of any of the larger cities.







ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

PRIMROSE'S MINSTREL'S.

Notable Entertainers at Academy Tomorrow Matinee and Night.

George Primrose and his all star minstrel company will be the attraction at the Academy of Music to-morrow matinee and night with a programme that contains nothing but minstrel acts, sketches and dances. The scenic investure has been elevated to a degree of artistic importance that has beee wanting in the old traditional shows. The singing of both the principals and chorus, as well as the playing of the orchestra, is said to be far superior to anything ever heard before in minstrelsy. The solo vocalists not alone, display good voices, but sing with finish and refinement. Among them may be mentioned Charles Reinhart tenor; Edgar Allyn, baritone; Clarence Marks, David Irwin, Walter S. Brewer, William, Oakland, Thomas Holmes and a chorus of trained male the following named popular minstrel comedians. Eddie Horan, Eddie Mazier, Emile Subers, James Conners, and George Primrose. The second part contains a long list of clever soft and wooden shoe dancers, who will revive Mr. Primrose's "Silver Shower" clog, which made the name of Primrose famous and also a negro sketch wherein all the comedians take part. Mr. Primrose will be seen in a new and original dancing number entitled the "Cotton Blossom" Coons assisted by a score of soft-shoe dancers. The fifth number of the second part will be a big plantation act entitled "Twilight on the Old Plantation" staged and produced by George Primrose, during which will be given all the old-time dances. songs. humor and pathos of the Southern negro, and mammas, uncles. parsons. deacons, field hands and servants from the surrounding plantations will take part in the festivities.

The final number of the performance is the spectacular transformation entitled "The Evolution of the Negro," which is said to be the most meautiful stage picture even seen. The stage setting for this and the opening part are of great magnificence. The costumes throughout are of the most costly character.

Escaped From Convict Camp.

The New Hanover County Commissioners have offered a reward of $50 for the arrest and return to the stockade of "Shorty" Long, a negro convict, who escaped Saturday from the camp. Long was serving a sentence of five years for burglarizing the store of Mr. R. A. Montgomery, on upper Princess street, about a year ago. The negro made his escape early in the evening while the other prisoners were at supper. He is regarded as a very desperate negro and was one of the several who broke jail soon after he was placed there for the crime of which he was afterwards convicted.

NEW CIGAR STORE TO OPEN.

Young Men Will Engage in Business at 111 Princess Street.

The Wilmington Cigar Company, composed of those two clever young Wilmingtonians, Messrs. D. L. Middleton and J. A. Oldham, will open for business to-day at No. 111 Princess street, the store having been nicely fitted up for their occupancy. A part of the fixtures have not yet arrived, but it was decided best to have the opening to-day anyway and they invite all their friends and the general public to call on them at any hour tnis morning, afternoon or evening. The new establishment is in the Smith building and will be found quite an attractive place. The stock will consist of a full line of cigars, cigarettes and tobaccos, with all kinds of smokers' supplies. A first-class pool table has been put in and this will be conducted along up-to-date lines. Mr. Matt D. Meier, an experienced tobacconist, has been engaged by the new firm and will be pleased to have his friends call on him at the new store.

The opening proper will take place between 7 and 12 o'clock tonight. The pool table will be absolutely free during those hours and some crack shooting will be seen. Souvenirs of the opening will be given from 7 to 10 o'clock.

LOCAL DOTS.

—The British steamer Cheviot Range, Capt. Matthews, which arrived a few days ago from Hamburg with cargo of fertilizer products, cleared yesterday to complete discharging at Fernandia.

—There was a further slump in the cotton market yesterday, the local quotations being on a basis of 10 1-8 cents for middling. The receipts yesterday were 4,763 bales against 6,777 bales same day last year.

—William J. Bellamy, Esq., of this city, has received an invitation to deliver the address at the annual memorial exercises of the Newbern lodge of Elks on the afternoon of the first Sunday in December.

—By deed filed for record yesterday S. Sternberger, Jr., and wife transferred to S. J. Ellis, for $100, property on north side of Wright street, 105 feet east of Sixth street, 40x66 feet in size.

—Sparks from the stove flue caused a small fire at Bladen Street M. E. church during the evening service Sunday. The department responded to an alarm from Box 16 and extinguished the flames with a loss of not more than $10.

—Mr. and Mrs. A. W. Murrell, Second and Meares streets, have the sympathy of friends in the death of their infant which occurred Sunday night. The funeral was conducted yesterday afternoon at 4 o'clock and the remains were interred in Bellevue cemetery.

—Miss Elizabeth Ann Harvin and Mr. Benj. P. Broadway, of Pinewood, S. C., were married in this city yesterday, Rev. Fred D. Hale, D. D., pastor of the First Baptist church, officiating. The bride and groom left on the afternoon train for their home in South Carolina.

ARE AERIAL BICYCLISTS.

These Daring Wheelmen Turn Startling Somersaults in Mid-air.

The "Two Twirls of Terror" is the rather startling title of a new bicycle sensation that has been introduced to the American public by the Barnum & Bailey circus this season. The "Two Twirls of Terror" is an imported act and had its premiere at the Folies Bergere in Paris, last Winter. Although a development of the famous Volo bicycle act, which was first made known to the American public by Barnum & Bailey management, it has several original features quite peculiar to itself and the statement that it is the most dangerous performance ever attempted by cyclists can readily be credited.

The Boller Brothers, who present the new sensation, are the most expert wheelmen, and before presenting the dual climax of their remarkable act, they introducing a number of novel and unusual exploits on their machines. John, one of the brothers, then ascends to the top of an incline and mounting his wheel, waits, amid almost breathless silence, for the signal to start upon his perilous journey down the incline and into space. Presently the signal is given, the wheel descends the runway with frightful velocity, darts into the air, turns a somersault and, landing on a second runway, runs swiftly to the fround. Before the applause that greets this startling exploit has subsided, the rider has ascended a high pedestal placed over one end of a teeter-board and again mounted his wheel. Louis, his brother, also mounted, takes a position at the other end of the see-sew thus depressing it. Suddenly wheel and rider drop from the lofty perch and strike the up-tilted teeterboard with terrific force. The tremendous impact throws the bicyclist in the air. He also accomplishes a distinct somersault and dropping to a cushion on the track, still mounted, wheels away unharmed. These performances, it is said, are so sensational and. at the same time, are performed with such lightning rapidity that the audience is almost bewildered. One New York newspaper writer in describing the effect of the act upon the crowd, said: "It was simply paralyzing," and this seems to be the consensus of press opinion.

The "Twirls of Terror" is not the only sensatfonal novelty that the Barnum & Bailey circus announce for presentation when the show exhibits in Wilmington, Monday, November 1. "The Dip of Death," which was first introduced last season by this show, but which was not seen in this section on the country, wil be presented with its thrilling and startling details. In this act a young American girl rides 40 feet through space in an inverted automobile. Judging from the name of the act, it is most apporpriately named.

Flag at Half Mast.

The flag on the Merritt and Chapman Wrecking Company's tug Rescue, which is here with apparatus at work on the sunken steamer Atlantic, was at half mast yesterday out of respect to Capt. William Coley, wrecking master of the company, who died suddenly Sunday afternoon while at work on the stranded steamer George Farwell at Cape Henry, Va. The news of Capt. Coley's death was telegraphed to Capt. Ransom, of the Rescue, yesterday morning and the flag was ordered at half mast at once. Capt. Coley was one of the most widely known wreck masters in the world.

KEEP THE KIDNEY'S WELL.

Health is Worth Saving and Some People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Wilmingston citizen who has reclaimed good health by the use of this remedy:

J. E. Bloodworth. residing at 30 South Front street and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are with out doubt a valuable remedy for backache.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's. and S. S. Carib ..... Friday, Noveber 2nd take no other.

THE RAILWAY CLERKS.

Rumor From Columbia that General Strike Will be Ordered.

The following special in Saturday's Charleston Post from Columbia, S. C., will be read with interest here:

"Columbia, Oct. 26.—According to members of the local Railway Clerk's Union that order may strike throughout the South in the near future.

"Members of the order here say that the order will in a few days demand recognition of the union, shorter hours, pay for overtime, seniority rights and rights of appeal from unjust discharge.

"Refusal of these demands will be followed by a strike throughout this territory."

Is It Murder? Grand Jury to Investigate.

Recently four well-known physicians were discussing whether or not the brain would retain its mental faculty for any length of time after being severed from the body. One of the number offered to procure a subject for the experiment, which he did. The Guillotine was secured from the Museum at Tallula Falls, and was set up in a well known establishment on North Front street. The man was placed in a proper position with the understanding that he was to suddeny close his eyes, in the event he retained his intelligence. The knife came down with all its force completely severing the head from the body, and as it was dropping into the basket the eyes were seen to quickly close and open and the mouth spoke out boldly: "The C. W. Polvogt Co. are giving double trading stamps Tuesday and Wednesday of this week."

Good doctors are prescribing Portner's Hofbrau. It is good for you, too. 'Phone 99.

METCALF'S TRIP PROVED USELESS

San Francisco, Oct. 28.—"When Secretary Metcalf arrives to inquire into the action taken by the board of education of the city and county of San Francisco in providing a separate school for Japanese children, we will meet him more than half way," was the statement made today by President Aaron Altman, of the board of education.

"The position taken by the board was that the best interests of the public schools of San Francisco would be subserved by sending children of Japanese parentage to a separate school. If we have erred, and can be shown we have done so, the board will be more than pleased to correct its mistake. The State stautes under which the board acted states that all children of Oriental parentage shall be placed in a separate school. The board would like to have the constitutionality of the statute tested in the courts."

City School Superintendent Alfred Ronconveri said the coming of Secretary Metcalf was not necessary, as the exclusion of Japanese from the schools provided for white children is required by law.

"Many of the so-called Japanese children," said Mr. Ronconveri, "are men of 20 to 25 years of age. They have no right to attend schools established for our boys and girls, and we would not allow white men of the same age to go to these schools.

"These pupils are largely of the Japanese servant class, working for their board and lodging. They are to be commended for so working, but they are not entitled to go to school with boys and girls.

"We do not deny Japanese any educational rights, but there are separate schools for them, and those they must attend."

Japs Praise Fairness of President Roosevelt.

Tokio, Oct. 28.—The course of action pursued by the United States with the view of protecting the treaty rights of the Japanese has been somewhat effective in soothing the feelings of the Japanese people, injured by the San Francisco school incident and accentuating the confidence of the people in President Roosevelt, whose fairness is praised on all sides. It is altogether unlikely and there is as yet no sign whatever that the Japanese will imitate the Chinese in boycotting American goods.

THE STRIKE ON THE SOUTHERN.

Railroad People Wiling to Arbitrate With Machinists.

Knoxville, Tenn., Oct. 29.—In response to a telegraphic tender of its good offices in the hope of bringing about a settlement of the strike of machinists in the local shops of the Southern Railway, the Knoxville Board of Trade today received the following telegram from H. B. Spencer, general manager of the Southern:

"The company and its officers fully appreciate the interest of Knoxville in the machinists' strike and we are desirious of settling it promptly and equitably. It has been agreed, at the suggestion of the Hon. Seth Low, chairman of the National Federation, that our president will meet the presidents of the machinists' association and the local committee of machinists early this week in an effort to make such adjustment.

The local shops will be idle with the exception of a few men.

SAME CORRUPT OPPOSITION.

William Randolph Hearst Scents Criminal Election Methods.

Auburn, N. Y., Oct. 29—Wiliam R. Hearst, in his speeches at both Syracuse and Auburn, devoted much of his attention to an attack upon the New York election board. and a discussion of his views of the effects of the decision of the appelate division on the Independent League nominating petitions, if that decision should be sustained by the Court of Appeals. He said in part:

"As election day approaches it becomes evident that we will have to meet this year all over the State of New York the same corrupt opposition and the same criminal election methods that we had to meet last year in New York City.

"Certain great and powerful trusts and corporations which secured their great wealth through government favoitism and political protection, are determined to preserve their special privileges and to maintain their public political pull.

"I have just come from Greater New York and there the fight against us has already begun. The same old election board that last year helped McClellan steal the mayor's office, is still in power. I assert publicly that this board is corrupt. I assert pubicly that one member of this board has been under indictment 17 times. I have moved today to indict this election board."

He read from the legal statement of his attorneys addressed to Chief Justice Cullen. of the Court of Appeals in regard to the case, in which it was declared that the decision of the Appellate Court was revolutionary. would illegalize "substantially every independent petition ever filed since the enactment of new lection laws." That it marks the death of all independent movements and "may very well determine the entire result of the election."

"In conclusion I will say that if an honest election can be had I am sure that we will carry the State of New York from 200,000 to 250,000.

HUGHES BITTER ON W. R. HEARST

Denounced Methods of His Opponent in Scathing Terms.

Rochester, N. Y., Oct. 29.—Charles E. Hughes made addresses before three big audiences in this city tonight. In his speeches today Mr. Hughes went to greater length in criticism of his opponent's journalistic methods than at any time during the campaign, saying in a speech to-night:

"Villification is not a new political weapon. It bowed the head of Washington with grief; it nearly crushed Lincoln to the earth, and to-day we have a crusade of organized villification. We have unlicensed censure which defeats its own apparent object by mingling the good and bad alike indiscriminately. There has been two real objects in this crusade. One has been the circulation of newspapers and the other has been the obtaining of an office. The last may never succeed, although the first has proved unfortunately successful. Wealthy men have been pilloried in cartoons; they have been made the subject of calumny and abuse. Those who have not promptly responded to the process of the courts have been made the special subjects of contempt and yet here we find this pure apostle of reform on record in our courts as one who has evaded the service of a process which has to bring him before a court of justice, to have cases tried in the interest of citizen. We have got to realize that it is not simply a matter which we may pass by with disgust; that the organized effort to spread calumny; the determined effort to bring everybody who is opposed to a certain object into public contempt, the use of the epithets of 'cockroach' and 'Crotan bug' and 'miserable sneak thief' is not a matter simply to excite derision and scorn; it is the most dangerous thing we have in American life. It is the worst thing with which we face, because if successful it makes it difficult if not impossible for those who are led astray by such methods to cultivate that sobriety of thought which in the last analysis is the only security of all our business, of all our prosperity, and even of government itself."

INDIANS ARE NOT HOSTILE.

Utes Going to Hunting Grounds to Keep From Starving.

Gillette, Wyo., October 29.—Three hundred and fifty Utes, whom United States troops have been sent to intercept are still camped on Powder river north of here, but are making preparations to move northwest to join the Northern Cheyennes on the Crow reservations. The Indians have already sent messengers ahead to select camping grounds and to notify the settlers and ranchmen that they mean no harm.

It is believed by old Indian fighters here that if proper diplomacy is used there is no likelihood of a fight with the red skins, who are inclined to be peaceable, but resent the action of the government in demanding their return to their reservation.

The Indians assert they left their reservation because they were dissatfied with conditions there and would starve if compelled to remain. They simply left for self preservation and are going to "Big Water Wood, Big Game and Life Happy" as Chief Appah expresses it.

Major Grierson, in command of the Tenth Cavalry, has recommended that Indian inspectors and Sioux Indian diplomats be sent here an hold a big pow-wow with the Utes and in connection with the army to try to induce the Indians to return. When the Indians are rounded up they will be escorted, says Major Grierson, to Fort Mead to be held pending further investigation of the War Department.

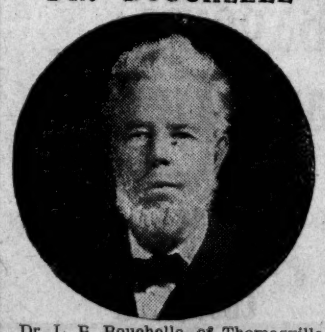
DR. BOUCHELLE



Dr. L. B. Bouchelle, of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or plumonary diseases and to create strength."

Our local druggist, R. R. Bellamy, says people of Wilmington should remember that Vinol is not a patent medicine, but the medicinal elements of good old-fashioned cod liver oil in a highly concentrated form—taken direct from fresh cods' livers—the useless oil eliminated and tonic iron added.

This is why it is prescribed so generally for bronchial and pulmonary diseases. It is splendid to create an appetite, strengthen and tone up the digestive organs, make rich red blood, and replace weakness with strength.

We ask every weak, thin, run-down, nervous and aged person in Wilmington, and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our offer to return money if it does not benefit them. R. R. Bellamy, Druggist.

Note.—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

When Folks Get Sick

They Want Prompt Relief.

We're Prepared to do Our Part.

When your doctor calls, just ask him to 'Phone us your prescription. He'll do it. Your relief will be more prompt, and the doctor will have saved the time usually spent in writing a prescription.

Distinction in Dress

A handsome stylish suit plays a great part in a man's appearance.

It is true that a man may be a perfect gentleman and still be dressed in an ill-fitting, poorly made suit of clothes, but the world is sure to misjudge him.

While the clothes do not make the man they influence the first verdict of opinion rendered concerning him.

We've suits from the shops of the world's best makers.

Fairly priced when we name such reasonable figures as

$10.00, $12.50, $15.00, $18.00, $20.00, $30.00.

You are very welcome to overhaul them, get a line on the excellent patterns, and "try on" as many styles as you like.

Make this your clothing store and you'll never have clothes disappointments.

"Wilson Heaters"

(Only Highest Grade Materials Used.

The Wilson Heater will produce more heat from a unit of fuel, and keep your home at a more even temperature, with little or no trouble, and fewer ashes than any other heater made.

There is no Noxious Gas, Offensive Smoke or Cold Floor Draft where the Wilson Coal Heater is used.

Holds fire 36 hours or longer. The combustation is perfect—the heat does not go up the chimney. Burns every particle of the coal; does not make clinkers and leaves very little ash. Other stoves look much like the Wilson, but—that's all. None of them work like the Wilson and none are so good.

A NEW MEACHINE FOR SHORTHAND

Central Typewriter-Telegraphone Exchanges to be Established in Big Office Buildings and Hotels.

New York, Oct. 27.—Plans now under way will make it unnecessary for business men to depend upon private stenographers or typewriters. Central typewriting exchanges, to which letters can be dictated over the telephone circuit and returned for signature in a few minutes, are to be established in large office buildings and hotels.

Such a scheme has been made practical by means of the telegraphone, which not only makes a perfect reproduction of the human voice, but also records everything that passes over the ordinary telephone. These records are stored upon a thin steel wire or disc and can be reproduced an indefinite number of times or removed when there is no further use for them.

Each of the central exchanges will have a number of telegraphones and a staff of typewriter experts and trained linguists. When the business man or the guest in a large hotel wishes to dictate he will pick up the receiver of his telephone and ask to be connected with a telegraphone in the exchange. By means of a small switchboard he will have complete control of the machine to which he is dictating in the exchange. If it should be necessary to make any changes in the letter a push button is pressed, which brings a pair of magnets, stronger than those which made the record, into contact with the wire and any part or the whole of the letter is immediately wiped out. In the same way records of dictated letters are wiped out as soon as transcribed, so that the machine is always ready for use at any time.

As soon as the dictation is finished the typewriter operator places the telegraphone sounders to his ears and transcribes the records which have been made, returning the letters to the office from which they were dictated. The matter transcribed might be in English, French, German or any other language. It might be legal, scientific or technical, full of difficult words and phrases which would tax even the most highly educated and expert stenographer to take down in shorthand with rapidity and accuracy. When the central typewriting exchanges are established telegraphones will enable business men to dictate letters at a great speed, in any language and on any subject.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no others. **

Danger from the Plague.

There's growing danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo Walls, of Forest City, Me., writes: 'It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them." It prevents Pneumonia, cures LaGrippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs, and Colds. 50c and $1.00. Guaranteed by all druggists. Trial bottle free.

New Parlor Car Line Between Wilmington and Columbia via. Atlantic Coast Line.

oct 7 tf.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

HOLLISTER'S

A specific for Constipation, Indigestion, Liver and Kidney troubles, Pimples, Eczema, Impure Blood, Bad Breath, Sluggish Bowels, Headache and Backache. Its Rocky Mountain Tea in tablet form, 35 cents a box. Genuine made by HOLLISTER DRUG COMPANY, Madison, Wis.

GOLDEN NUGGETS FOR SALLOW PEOPLE

BRYAN'S PLEA FOR MR. HEARST

Interests Opposing Him Are Same as Those Which Have Fought Democracy and Which Has Been Fought by Democracy.

(Bryan's Commoner.)

The men and interests making up the opposition to William R. Hearst in New York afford ample reason why every loyal Democrat should give him enthusiastic support. The men who "preserved the National honor" in 1906, the insurance grafters, the advocates of special interests, the corporation managers, the Wall street financiers and the bond brokers who trafficked in the government's need—all these are massed solidly against Mr. Hearst, and their opposition should solidify the people in support of the man who is making such an open and telling fight against these harmful interests. Mr. Hearst is making a magnificent campaign and is frankly telling the people just where he stands. What he has accomplished for the people in the way of reforms through the instrumentality of his great newspapers is an evidence of what he will do if elected Governor of the Empire State. With Mr. Hearst in the Governor's chair there will be no more control of New York's executive by interests that are adverse to the people.

Mr. Hearst is specific and plain in his declarations, while his opponents indulge in generalization and vituperation. He has taken the people into his confidence and may be depended upon to carry out his campaign pledges. He is entitled to the support and vote of every Democrat who puts public good above private profit, and of every citizen who prefers good government by representaties of the people to bad government by representatives of special privilege.

You cannot hope for returns from your want ads. if you do not place them in a newspaper that is known to bring results. The reputation the Morning Star has made for want advertising makes it the natural recourse of all who have a want of any kind.

Blood Poisoning

results from chronic constipation which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor, cure sour stomach, nausea, headache, dizziness and colic, without griping or discomfort. 25c. Guaranteed by all druggists.

Some say that city girls are poor, ignorant things. Some of them cannot tell a horse from a cow but they do know that Hollister's Rocky Mountain Tea is one of the greatest beautifiers known. Tea or Tablets, 35 cents. —J. Hicks Bunting Drug Company.

A Badly Burned Girl

or boy, man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I use it in my family for cuts: "I use it in my injuries, and find it perfect." Quickest Pile cure known. Best healing salve made. 25c at all druggists. **

BEEF CATTLE—Dull at 2 to 3½ per pound.

HIDES—Dry salted, 14 to 15: green 10c per pound.

THE COTTON MARKET.

New York, Oct. 29—The cotton market was very nervous and unsettled during to-days trading with prices reaching a new low level for the movement, under heavy liquidation and bear pressure. The close was steady at a ecline of 11 to 16 points. Sales were estimated at 300,000 bales. The market opened seady at a decline of 4 to 6 points in response to lower cables. Reports of frost in the belt caused a rally of 7 or 8 points shortly after the call, but the advance did not carry the market to quite the closing figure of Saturday and was followed by a renewal of weakness owing to active pressure from bearish sources and liquidation of long accounts. Prices broke to 10.15 for January or about 17 points net lower under this pressure when there was another slight rally as aresult of covering. But the second advances did not carry the market quite as high as the early bulge, and prices eased off to the low point in the late trading under pressure and liquidation encouraged by reports of freer spot offerings. January sold at 10.11 and March 10.30 or about 20 to 21 points net lower and about 1 1-4 down from the high point of the season. The close was about 5 points up from the lowest.

Receipts of cotton at the ports today 79,232 bales against 79,626 last week and 58,,835 last year. For the week 465,000 bales against 462,415 last week and 350,280 last year. To-day's receipts at New Orleans 17,732 bales against 11,457 last year and at Houston 18,0000 against 18,534 last year.

Spot cotton closed quiet 25 points decline, middling uplands 10.50; middling gulf 10.75; sales 3,300 bales.

POISONOUS PRESERVATIVES.

Experiments on Poison Brigade With Salicylic Acid.

Washington, Oct. 27.—Experiments conducted by Dr. H. W. Wiley, chief of the bureau of chemistry of the Department of Agriculture, on the twelve men, familiarly termed the "poison squad," have been made the subject of a circular issued today. The young men voluntarily assumed obligations imposed by the bureau as to their manner of living and undertook to eat only the food which was given them at the hygienic table. The circular deals particularly with the effect upon the human system of salicylic acid and salicylates used as food preservatives.

Dr. Wiley finds from the date obtained that salicylic acid and salicylates apparently exert an exciting influence upon the activities which take place in the alimentary canal, stimulating the organs to greater effort, and that this stimulation leads at first to increased digestion and absorption of the foods which are introduced into the stomach, but on the contrary he notes that the general effect upon the system is depressing, in that the tissues are broken down more rapidly than they are built up and thus the normal metabolic processes are interfered with in a harmful way. The use of salicylic acid, he further finds, causes a general decrease in weight.

The final conclusion reached by Dr. Wiley is that 'the unenviable position which salicylic acid has heretofore held among preservatives, in being regarded as the most injurious of all, is perhaps to a certain extent undeserved. Like other ordinary preservatives, it is not the only one which can be classed as a poison in the usual sense of the word. When used as a medicine in many cases of derangement of health it is like the other chemical preservatives, often highly beneficial when prop erly prescribed by a competent physician. There appears to be no necessity for its use, as food can be preserved in unobjectionable ways without its aid."

PROF BURGESS ON STAND-PATTERY

First Incumbent of Roosevelt Professorship at Berlin is Hard Knocker

TARIFF POLICY SENSELESS

By Cable to The Morning Star.

Told Germans That Protection and Monroe Doctrine Are Obstacles But Politicians Do Not Seem To Know It.

Berlin, October 29—The text of the speech delivered Saturday by Professor Burgess, dean of Columbia University, the first incumbent of the Theodore Roosevelt professorship of American histry and instruction at the University of Berlin, has been printed by the University Press. There was some curiosity to see precisely what Prof. Burgess said regarding the Monroe Doctrine being out of date, upon obsoleteness of the high protective tariff and on the United States' interest being promoted by the extensive German emigration to South America. Asthe address was made in he pesence of the Emperor and frequent references were made in it to President Roosevelt, the impression appears to have been made that the President desired to send a message to Germany on those subjects. Of the protective tariff and Monroe Doctrine he said:

"Our politicians do not appear to have the least notion that both of these doctrines are almost obsolete and that the re-construction of European States and their constitutions and the acceptance by the United States itself of its position as a world power have made them both nearly senseless."

Professor Burgess said he regarded the discussion of the protective tariff diplomatically between the United States and any foreign government as futile, but the new ambassador of peace and culture would be wholly free from limitation such as bound the diplomatists. They would be able to speak from their own convictions without fear of being punished or recalled, or what was still more important, without freat of disturbing or undermining friendships. Professor Burgess added:

"The best interests of the United States and the world would be advanced by a strong Teutonic tide of imigration to South America by which the settlement of that gigantic part of the continent by man capable of cultivating it, would be assured.

FINES AMOUNT TO $6,000,000.

Penalties to Which Standard Oil Company is Liable.

By Wire to the Morning Star.

Findlay, O., Oct. 29.—In Probate Court here to-day, Judge Banker overruled the motion filed by the attorneys of the Standard Oil Company for a new trial and imposed a fine of $5,000 and costs of the prosecution in the recent suit against the Standard held here. On motion of the defense, the Court ordered that the defendant company be allowed forty days in which to prepare and file its bill of exceptions in the case, and upon another motion by the Standard attorneys, the sentence imposed was ordered suspended for a period of sixty days for the purpose of filing a petition on error in this case. It was also ordered that the criminal indictments pending against John D. Rockefeller, the Buck-eye Pipe Line Company and the Manhattan Oil Company, be continued until the next term of Court.

The fine imposed by Judge Banker was the limit for one offense, though the law stipulates that each day that the alleged combination is carried on constitutes a separate offense. Taking this view of the statutes, it was possible for the Court to impose an aggregate of fines amounting to over $6,000,000.

TO HANG IN WAKE.

Date Fixed By Governor Glenn—State Geologist Appointed.

(Special Star Telegram.)

Raleigh, N. C., Oct. 29.—Ben Williams, colored, will be hanged in Raleigh December 20th, this date being fixed this evening by Governor Glenn. Williams was a fireman of the S. A. L. and shot Chas. Clark, colored, a train hand from Petersburg, as a result of a drunken quarrel about a woman to whom both were paying attention.

Prof. J. H. Pratt, of Chapel Hill, was to-day appointed by Governor Glenn State Geologist, to succeed Prof. J. A. Holmes resigned. Prof. Pratt had been connected with the work several years.

—Lewis R. Brown, the rich East Orange, N. J. man who shot Laura Ostern, also of East Orange, in a cab in Broadway, N. Y. Sunday. was held without bail yesterday to await the outcome of the young woman's injuries. The technical charges against Brown is felonious assault. It is believed now that Miss Ostern wil recover.

Horrible Calamity At Atlantic City

Fifty Three People met Death--Train of Electric Cars Plunged from Bridge Into Arm of Sea--Whole familees Exterminated.

(By Wire to The Morning Star.)

Atlantic City, N. J., Oct. 29.—A railroad accident that was even worse than the meadow wreck of July 30, 1896, sent 53 out of 88 people to a sudden death Sunday afternoon, catching them like rats in a trap. The cars of the 1:30 electric train of the West Jersey and Seashore lines, due here at 2:30, jumped the track on the trestle bridge over the Thoroughfare, a stream which separates Atlantic City from the mainland, and before any one could get out the passengers were hurled to a watery grave. The trestle is about 15 feet above the water and the drop to the water required several seconds, giving time for the passengers, men, women and children, to see and calculate their fate.

The entire city was thrown into a state of terrible excitement as the news reached town about half-past 2 o'clock, a few minutes after it happened. Fully 5,000 people crowded the Meadows and the trestle, many relatives and friends crying out in despair, asking for loved ones. Chief of Police Maxwell had a cordon of police swung around the death circle, and Chief Black, of the fire department, called out his men on an emergency call and made them police temporarily.

The cause of the wreck has not been established. It was probably due either to a defective rail or the breaking of some part of the superstructure of the first coach. It has also been suggested that the drawbridge, which had just been closed after the passing of a yacht, may not have properly locked rails. All theories as to the cause of the accident, however, are purely speculative.

While running at a speed said to have been moderate, the first coach left the rails and dragged those following it over the ties for a distance of 50 feet. Suddenly swerving, the first two coaches plunged over the side of the bridge into the water 15 feet below. The third coach struck an abutment, broke its couplings, and for a brief time hung suspended over the water. Brief as was this period, however, it gave more than a score of passengers an opportunity to escape by the rear door. Then the car slid off and followed the other two into the water.

The total number of dead in the appalling wreck is now placed at 53. Of these, 50 bodies have been recovered and 49 of them have been identified. Two bodies remain unclaimed in the temporary morgue and two people are known to have been drowned but their bodies have not as yet been recovered. In many instances three or more members of one family perished.

A special car containing the bodies of the Philadelphia victims left tonight for that city.

The day has been one of unceasing activity, of gruesome scenes and pathetic incidents.

Wrecking crews with derricks succeeded in bringing one of the two submerged cars to the surface and divers, working in relays, brought up bodies until their task was completed and they reported that no more dead remained either inside the second car or anywhere in the vicinity.

Interest now centers in the work of the coroner's jury which to-day made a careful inspection of the scene of the wreck and the drawbridge at which the train left the rails. The jury sworn in by Coroner Gaskill, is made up of the following citizens:

State Senator Edward S. Lee, foreman; Isaac Bacharach, Samuel H. Headley, John P. Ashmead, Chas. P. Roesch and David R. Barrett. These jurors met at 1 o'clock and accompanied by the coroner, Prosecuting Attorney Abbott, City Solicitor Wooten and several other city officials, proceeded to the scene of the tragedy. At the bridge they were joined by Mayor Stoy and W. W. Atterbury, of the Pennsylvania Railroad.

After the forward car and two submerged coaches had been hoisted to the surface and the divers who had been at work on the wreckage all day had made a final examination of the second cr without finding any more bodies, W. W. Atterbury, general manager of the Pennsylvania Railroad, who, with several of his assistants had been on the scene since Sunday night, expressed his belief that the total number of dead would not exceed 55. "There is a bare possibility that one or two others may have been killed," he said, "but I feel confident that the number of victims will remain at 53. I cannot believe that any of the unfortunates were carried out to sea by the ebbing tide."

On returning from the drawbridge, Mr. Atterbury discussed the accident freely, but when asked to give his theory as to the cause of it, he replied that it still is a mystery to him.

"I should believe," he declared, "that there was nothing wrong with the rails of the bridge. I am inclined to think that the cause will be ascertained when the first coach is examined."

Mr. Atterbury himself showed the jurors how the bridge is operated and explained in detail the manner of opening and closing the draw.

On their return to this city the jury decided to hold the first session of the inquiry on Thursday.

Although reasonably certain that the narrow waterway into which the electric train fell, had been relieved of all its dead, the divers continued their work late into the night and maintained a diligent search. The wrecking crew was also kept busy preparing for the hoisting of the second car, and it is expected that this will be raised before morning. The debris of the last car which struck and was held fast by an abutment has not yet been removed, an effort in that direction resulting in half the coach sliding into the stream.

Despite the heavy obstructions presented by the wrecked train, the roadway has been sufficiently cleared to permit the resumption of traffic and this afternoon the scheduled time table is again being followed.

General Manager W. W. Atterbury, of the Pennsylvania, said today:

"I do not believe that Stewart, the bridge tender, said anything like what has been attributed to him regarding the 'jacking up' or alignment of the rails. It is not a fact that when the draw is swung the rails have to be reset."

Mayor Stoy made the following statement to-day:

"An investigation will be conducted and wherever the blame belongs it will be fixed, and the public may depend upon that. Coroner Gaskill and I are one in this purpose and no man shall get away from us who may have had anything to do with the calamity or who may have any light to place upon it."

Among the most pathetic cases was that of Samuel McElroy, of Philadelphia, who, after a sleepless night, found his family wiped out by the disaster, his wife and five year old daughter lying dead in the morgue and his three year old boy missing. When the officials making a record of the identification asked for his address, the broken hearted man replied:

"It was 2029 Greenstreet, but I shall never return there—God only knows where I shall go."

Almost as pathetic was the identification of Dr. Paul Felsburg, of Philadelphia, by his brother. From midnight until the dawn the brother, with friends, pleaded with the police for admittance to the morgue, already satisfied from descriptions furnished by the officials that the physician and his wife, Frances, was among the dead. When the party were admitted they were prepared for the sight that met their gaze, both the physician and his wife were in the morgue. One among the rows of bodies lying covered with sheets was the corpse of Eddie Niess, five years old, of Philadelphia. His father, Ernest Neiss, escaped with his life, but lies injured at the home of his brother in this city. He could not go to the morgue, but his sister-in-law identified the body.

THE RALEIGH SHOOTING.

Seaboard Air Line Detective in Deep Trouble—Coroner's Inquest.

(Special Star Telegram.)

Raleigh, N. C., Oct. 29.—At 11 o'clock to-night a coroner's jury rendered a verdict to the effect that the man who shot to death here Saturday night was probably W. H. Bryson, of Colon, Chatham county, and that the death was caused by a gunshot fired by H. J. Bivans, S. A. L. Railway policeman. Many witnesses were examined the evidence showing that the shot was fired while the man was running, the bullet having entered the thigh from the rear. Andrew Syme, who pays off the Seaboard employes here, testified that he knew Bryson and that he could not recognize the dead man as Bryson.

However the son of a woman with whom Bryson boarded while here swore he believed the dead man to be Bryson. Very much feeling has developed here against Bivens and there is no prospect of bail being allowed for him. His trial will be for manslaughter. Biven's home is at Monroe where he is reported to have killed another man under much the same circumstances some time ago.

Uurge That Mormon Senator Be Expelled and That Anti-Polygamy Amendment to Constitution be Adopted—King Leopold

By Wire to The Morning Star.

Hartford, Conn., October 29.—Resolutions denouncing King Leopold II, of Belguim, as the author of conditions in the Congo Free State which are characterized as "atrocities," calling for the exclusion of Reed Smoot from the United States Senate because of his relations with the Mormon Church; opposing the sale of beer or other intoxicants at army posts; advocating the making permanent of the temporary prohibition of the sale of beer at National Soldiers' Homes; protesting against the issuing of liquor tax receipts in prohibition territory. declaring for the highest standard of purity for men and women alike, and declaing for the highest

declaring in favor of the right of suffrage for women, were adopted this afternoon by the National Woman's Chrstian Temperance Union.

A resolution was also adopted urging that State Legislatures demand an "anti-polygamy" amendment to the Constitution of the United States.

Mrs. Thurman, who is a colored woman. said that some of the children of her race in the Southern States, who had been steeped in tobacco. were breaking away from its use through the influence of the W. C. T. U. She never had occasion to present resolutions to the W. C. T. U. protesting against the wrongs of her race because she knew the heart of the organization beat for the peoples of all nations. She told of her trying experience during the racial outbreaks and concluded with an appeal for the suppresion of strong drink.
